

ST EDMUND'S CATHOLIC PRIMARY SCHOOL

Consideration, Care and Courtesy

Dear Parents,

Our Mission Statement recognises the school's important role in providing for the Spiritual, Educational and Community needs of our pupils, and can only be achieved through the collaboration of all members of the community.

We last reviewed our School Mission Statement in 2008 and worked hard to come up with a statement that recognised what kind of school we wanted to be.

As we learn, we will follow the example of Jesus, and respect everybody in our school community, treating them all with Consideration Care and Courtesy.

Since 2008, there have been many changes in the world and in our community. We have an opportunity now to review our Mission and to decide if it still represents where we are as a school or if it needs to be updated.

Our school strives to be a faith community, a place of belonging, growth and service. We need to consider how we prepare our children for the future and what that future may look like.

We ask you to consider the questions on this letter and note down any thoughts that you wish to share. Please think about our school now but also consider how Skelmersdale may change in the future and what society will look like when our children are adults with families of their own.

Please return your ideas to school before Easter. Even if you only write a few words, we would love to be able to include your vision in helping us review what St Edmund's Catholic Primary School stands for.

What kind of school do we hope to be?
What makes our school different from others?

SCHOOL MISSION STATEMENT & AIMS

What is the most important thing we can teach our children?

What sort of person do you want your child to grow up to be?

How best can we prepare our children for the future?

What does it mean to be a Catholic school?

How can we encourage our children to live out their faith?
